Temporary Closure

Based on the Stay at Home Order issued by the Commonwealth of Massachusetts, due to the Novel Coronavirus (COVID-19) Pandemic, we have extended our reopening to Monday, May 18, 2020. Existing appointments up to the reopening date will, regretfully, need to be cancelled. Reopening on 5/18/20 may be subject to change, based on restrictions put forth by the City of Boston, and/or the Commonwealth of Massachusetts.

To reiterate; for those with pre-paid massages, we are extending certificates and third party vouchers with expiration dates for the length of our time out of operation, plus one month. For example, if one has a gift certificate that expires on 3/31/20. We suspend our operation on 3/18/20, and reopen on 5/17/20. We would allow the eight weeks of time that elapsed between 3/18/20 & 5/17/20, plus one additional month, thus extending that expiration date of 3/31/20 for twelve weeks to 6/1/20.

Moreover, if additional time is needed beyond that exemption, due to extenuating circumstances, we will certainly be willing to offer more time, as deemed as reasonable.

For those with Groupon vouchers, the aforementioned expiration date extension is valid for your Groupon vouchers. Groupon has been notified of our temporary closure.

We will be monitoring this pandemic closely, and alert you to any changes or updates relevant to our practice, as we receive them. If you have questions or concerns, please email or call, as we will have a steady, but limited connection to our business, while in hiatus.

We value, and greatly appreciate your patronage. We hope and pray for the safety and wellness for you, your family, your cherished ones, and your community.

Very Warm Regards,

A handwritten signature in blue ink, appearing to read "Jason Stohrer", with a stylized flourish at the end.
